Frontend Developer | Aspiring Full-Stack Engineer

Passionate frontend developer skilled in HTML, CSS, JavaScript, and Tailwind, with hands-on project experience. Currently expanding expertise in React and Node.js to transition into full-stack development. Strong problem-solver with a focus on building responsive, user-friendly web applications.

Technical Skills

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, React (in progress)

- **Backend:** Node.js, Express.js (learning), MongoDB (basic)

- **Tools & Others:** Git/GitHub, Linux (Ubuntu), Figma/Lunacy (UI/UX), Python (for scripting)

Projects

- **Portfolio Website** | 🌐 Portfolio Website ↗ | Github Code ↗

  Developed a personal portfolio using HTML, CSS, and Tailwind CSS to showcase projects and skills. Fully responsive design with modern UI.

- **To-do Application (React)** | Live App ↗ | Github Code ↗

  Created a task management app in React with features to add, edit, delete, and mark tasks as complete. Used React hooks for state management and localStorage for data persistence.

Education

- **Bachelor in Electrical Engineering — NFC IET Multan**

  Oct 2019 – June 2023 | CGPA: 3.57
